**TIMOTHY HOLMSETH**

**Wanted in Polk Co, MN &  
Broward Co, FL for violating  
restraining orders.**

Convicted Felony Stalker, Timothy Charles Holmseth, has been inexplicably stalking Craig Sawyer for 4 years. The stalking, harassment and defamation with malice began upon Sawyer's founding of Veterans For Child Rescue (V4CR) and the beginning of the arrests of child predators in joint law enforcement operations. V4CR has a 100% conviction rate, which seemed to upset Holmseth, who is homeless, unemployed, is denied custody of his own children, wrote about his pedophile urges in his own book and is the defendant in a major defamation lawsuit and a fugitive from at least 2 known warrants for his arrest.

Holmseth is currently being provided refuge from at least 2 warrants for his arrest by law enforcement, accompanied by Ms Randi Enckson.

Holmseth is obsessed and writes up to 2 articles daily, falsely claiming to be an award-winning journalist, which he never was. He also masquerades as some sort of official government entity, which he's never been.

Holmseth claims to be part of another fantasy unit that never existed - the Pentagon Pedophile Task Force. Holmseth also falsely claims to be part of the U.S. Military's Joint Special Operations Command (JSOC) which he never has been. That claim is stolen valor - a criminal offense.

Holmseth's Bitchute channel is called The High Command, which is a fantasy name he literally took from a childhood cartoon. Holmseth falsely claims to be close to President Trump, even though Trump never even heard of him.

Holmseth posts wild, over-the-top fantasy stories for Bitchute clicks, which he monetizes. He has no regard for the truth, only for causing damage to Sawyer and V4CR and for attention and clicks. Holmseth's uneducated & uninformed followers are types who obviously don't vet their tabloid story sources, so Holmseth often claims there are giant underground wars with tens of thousands of children being rescued beneath major U.S. cities like L.A. & NYC. It would be laughable, except for the damage done by these unscrupulous followers who attack real orgs making real contributions in the fight to safeguard children from the very real crime of child trafficking.

In short, Holmseth and his followers cause incalculable harm to children by smearing those who run counter-trafficking operations and by confusing people online with all the fake stories and fake accusations, which discredit the real cause.

Holmseth and Enckson are in the process of being brought to legal account for their selfish, bitter and destructive behavior. Any who assist them will be harshly pursued as well. It's time for justice and accountability.

This convicted FELON has been creepy stalking me for 4 years from the moment I began arresting & convicting pedophile child predators. He is obsessed.

His felony stalking is chronic.

Every time a troll posts fake accusations trying to tie me to rancid crooks like Killary, I will repost & re-expose the source - Holmseth, so more people learn of Holmseth's life of fraud, his felony convictions, his 2 current warrants for his arrest & his ties to a luciferian cult & pedophile behavior.

Learn to vet your sources, trolls. Seriously.

This is one of Holmseth's official mugshots during one of his arrests. More are set to follow.

He claims to be "High Command." That's fake.

He claims to be "Pentagon Pedophile Task Force". That's also a FAKE - non-existent entity

!!

He claims to be JSOC. That's false - he's never been in JSOC, but I have.

He's just a fraud who stalks public figures & writes fake shock claims for clicks. Easy to disprove.

No excuse for using him as any legit source.

I never spent time w Killary. She only visited my AO in Iraq once as a jr Senator w McCain where I was Dept of State AIC for high-threat mobile security. Anyone claiming I ever worked for her, or was her "bodyguard" is either a liar, or misinformed.

So anyways, don't support the new TV show coming out about V4CR with my dad because the organization and show was started because of me and I have been left out of it. My dad continues to make money off of me and I get nothing. So support me instead (my EP is coming soon)

I wish producers and anyone else who wanted to work with me would just contact me directly instead of trying to contact me through my abusive parents that I don't even talk to anymore because all they're going to do is tell you no and ruin opportunities for me

Y'all don't need to pray for me. My dad is the one who put me in danger and now wants to keep talking about me as if something out of his control happened to me. This is the last time I will speak on this but I will not let my dad continue to lie in public about me. He's insane

My dad is such a piece of shit. He's trying to get me kicked out of my own apartment that's in my name just because I don't want to go to counseling with him. If you have mentally stable parents please be grateful.. I don't even speak to mine and I'm still dealing with this shit

your man craigrsawyer is a gatekeeper for pedophile trafficking - pretends to be good guy but is part of the crime. He sold his own daughter Aspen repeatedly until she arranged her own murder. Look up his name on Fiona Barnett's website. I wish more people knew that.

She is sitting right next to me. I'm the one accompanying her on the bus, the laundromat and to and from work.

Someone has made a fraudulent gofundme with the bs info you gave them. Aspen had no idea about this. This is fraud.

Hi Aspen, I have no desire to get into your family business with your father. That is your business. However, ignore any trolls that contact you. **Timothy Holmseth** & "Task Force" aka Randi Erickson are perverts that are scamming people claiming they work for Trump & the Pentagon.

**aspen sawyer** @AspenSawyer · 19h

If you have parents that aren't disgusting mentally ill evil people appreciate that shit. I'd give anything to have remotely decent parents that I could have a relationship with. It's heartbreaking
